

Subject: Application for Antler February 2025 Cohort in Nairobi – Full Stack Developer Position

Introduction: I am excited to apply for the opportunity to join Antler's February 2025 cohort in Nairobi as a Full Stack Developer. With a solid foundation in software engineering and full-stack development, coupled with a passion for creating tech-driven solutions, I am keen to partner with like-minded co-founders to build a high-impact tech venture that solves real-world challenges.

Technical Expertise:

- **Deep Experience in Software Engineering and Product Development:** I bring X+ years of experience in full-stack development and backend engineering, specializing in .NET and JavaScript frameworks, with recent work leveraging PostgreSQL for robust data handling and authentication.
- **Passion for Solution-Oriented Tech:** I am driven by the potential to solve meaningful problems through technology, especially within industries that benefit from digitization, automation, or scalable data-driven platforms.
- **Stack Flexibility and Adaptability:** My technical experience includes a wide range of modern technologies, including React, Node.js, Tailwind CSS, and various database systems like SQLite and PostgreSQL. This background enables me to adapt my stack choices to the specific needs of a venture.

Leadership and Collaboration Skills:

- **Experienced in Project Oversight and Agile Product Development:** I have led teams in designing, deploying, and refining technical solutions, including roadmap development, backlog management, and iterative releases. My collaborative approach promotes clear communication and accountability within teams.
- **Entrepreneurial Mindset with Co-founder Readiness:** In addition to my technical skills, I am driven by a strong entrepreneurial spirit. I value collaborative partnerships and understand the importance of a shared vision and complementary skills for building a successful venture.

Why Antler? Antler's program offers the resources and community I need to elevate my entrepreneurial aspirations. Access to global mentors, platform credits, and structured support for customer acquisition aligns perfectly with my goal of taking a high-potential tech solution to market. I am excited about the prospect of joining a team of diverse, driven individuals and working towards a disruptive solution that could have a tangible impact in our market and beyond.

Thank you for considering my application. I am looking forward to the opportunity to contribute my skills and to learn from Antler's network and resources.

Sincerely,
Nicholas Njeru
